

White Marsh Mall

Baltimore, Maryland, United States

Paving in the strongest Portuguese limestones for this mall in Baltimore: 1,3cm thickness cut to size material with a specific percentage quantification for the 3 "Ataíja" materials: 3.457sqm **Ataíja Cream**, 2.480sqm **Ataíja Blue** and 3.939sqm **Ataíja Mix**.

The "double finishing" - sanded & brushed - worked aesthetically and functionally. Congrats to the prescribers and to our factory!

We also supplied 1650sqm in **Blue Valley** material as the accent paving, bands and skirtings.
