

Espírito Santo Plaza

Miami, Florida, United States

This renowned building in Miami, Florida, has our signature in the **Amarelo Negrais** marble paving cut to size tiles - about 1.000sqm in material with 3,2cm thickness, as well as some tiles with 45,7x45,7x1,3cm and a small quantity in cut to size pieces with 6,4cm thickness; and in the extraordinary wall claddings in **Rosa Aurora Light** marble - over 550m2 of hand-selected material with 3,2cm thickness.

Some **Blue Valley** limestone was also supplied honed 2cm slab format for job-site cut to size applications.
