

Calacata PT

Material Type: Marble

Origin: Portuguese Natural Stone

Other Names: Rosa Aurora Calacata, Calacatta PT, Calacata Portugal, Calacatta Portugal, Rosa Aurora Calacatta

Calacata PT is a unique marble, outstanding and rare. Obtained from some specific blocks of the marble quarries located in Vila Viçosa area, it is an excellent choice for elegant, decorative projects and can be bookmatched, diamond matched, ecc. It combines a light background with a 'large vein' in greyish tones and is a more economical and attractive alternative to the Italian Calacatta.

note: limited availability
