

Millennium Park

Naas, Co. Kildare, Ireland

Cut-to-size **Mirabelle** material, honed finishing, for exterior wallings in 4cm thickness (510sqm), 3cm thickness steps, cut-to-size 2cm thickness (200sqm) and about 330sqm of 60*40*2cm tiles. Some 2cm honed **Moleanos** was also supplied and about 100sqm of the wonderful **Gascogne Blue** 2cm cut-to-size completed the job.

As usual, our ability and knowledge in specific labour works was important: more than 600LM in kerfs and slots, quirk-miter edges, glued and pinned pins, antiskidding strips, etc.
