St Moritz

Estoril, Portugal

Characterized for the great elegance in all the client's choices, this project involved not only the supply of 5 totally renewed bathrooms and one kitchen, but also the supply of material identical to the one already existent in the living-room floor and exterior wall.

BATHROOM 1: paving, wall cladding and vanity top in **Indus Gold** marble, polished.

BATHROOM 2: paving, wall cladding, vanity top and stalls, in resined and polished **Beige Travertine** in the wet areas, and honed with no filling in the other areas – the contrast was excellent!

BATHROOM 3: paving, walls, vanity top and stalls in resined and polished **Red Travertine**.

BATHROOM 4: paving, walling, wainscot, vanity top and stalls in polished **Rosa Aurora Light** marble in the wet areas, and with combed finish on the panelling of the walls. The client chose to combine this material with blue terracota manual ceramic.

BATHROOM 5: paving and carved lavatory (unique thick piece) in polished **Zimbabwe** black granite.

Living-Room: paving in Rosa Aurora Light polished marble combined with strips and cabochons in **Black Marquina** polished marble.

Kitchen: countertops in **Black Slate** natural cleft finishing with false fronts of 6cm height.

Exteriors: paving and staircase in **Ataíja Cream** Portuguese limestone bush hammered and wall cladding on the same material but with a special finishing (chiseled).
