

Peloton Hotel lobby in New York

New York, United States

Right in the center of Manhattan, Peloton hotel has a light and elegant lobby entirely cladded by more than one thousand cut-to-size plates of Portuguese limestone supplied by dimpomar.

Creme Regina for the walls (honed finish) and **Moca Cream Medium Grain** (honed) in the reception desk and stair. The Moca Cream limestone was also applied with a combed finish: on the walls behind the counter and along the stair guard.
