

"Wall of Light Cubed II" Sculpture

Barcelona, Spain

Yet another amazing sculpture from the incredible Irish artist, Sean Scully. You can find it in the city of Barcelona, Spain. Just like its "twin sister", the colossal "Wall of Light Cubed" in Aix en Provence (France), the "Wall of Light Cubed II", of much smaller dimensions, was supplied in Portuguese Natural Stone in its most natural state: Blue Valley, and Rosal CD limestones, Red Negrais and Ruivina marbles.
